

Customized Retreat Programs for Self-Facilitated Retreats

\$1950

For Forums on a budget or just interested in facilitating their own retreat, ForumSherpa offers customized retreat program planning services to suit your Forum's needs!

One of our ForumSherpa Certified Facilitators will guide you through the process, which includes the following steps—

1. **Initial Consultation:** We have a preliminary discussion about your Forum (composition and history), retreat logistics (duration and location) and retreat objectives.
2. **Pre-Retreat Assessment:** We launch a Pre-Retreat Survey. This lets us gather input from all Forum members on retreat expectations, topics of interest and Forum health. We then compile and analyze the survey results.
3. **Draft Agenda:** We prepare an agenda and identify exercises for the retreat based on our initial consultation and pre-retreat survey results. This rough-draft agenda is sent to the Retreat Planner for review prior to our next consultation.
4. **Planning Meeting:** We have a meeting (phone or video call) with the Retreat Planner to discuss the proposed agenda and exercises.
5. **Final Agenda:** Based on the Planning Meeting, we make final adjustments to the agenda and exercises. Occasionally, we'll repeat steps 4 and 5 if needed.
6. **Pre-Work Exercises:** We send pre-work exercises electronically to the Retreat Planner for distribution to the Forum.
7. **Retreat Workbook:** We compile the remaining exercises and content into a retreat workbook and send it to a local printer near you for printing and pickup.
8. **Facilitation Coaching:** We conduct a web-based meeting with the Retreat Planner to discuss how to facilitate the various exercises and answer any final questions.
9. **Retreat:** You run your retreat!
10. **Post-Retreat Assessment:** We launch a post-retreat survey to gather feedback on the retreat, the venue, the agenda, the exercises, etc. Results are provided back to the Retreat Planner for review and future reference.

Throughout the process, your ForumSherpa Certified Facilitator is available to you to answer questions.
